## Hydrogen Sulphide Awareness - H2S Half (1/2) day course

- Properties and Hazards of H2S
- Biological effects of H2S
- H2S Gas Monitoring Systems and Alarm Systems
- Contingency Plans - Muster / Safe Haven locations
- Basic Expired Air Resuscitation (EAR)/ Life Support
- Breathing Apparatus / escape breathers familiarization
- Portable Gas Monitors

### **Rigging & Slinging – 2 days course**

This is an (LEEA Accredited) course that includes:

- Legislation, regulations and standards governing the use of lifting equipment.
- Force Influences & Rating Methods
- Load Estimation
- Different types of slings and pre-use checks
- Different types of lifting accessories and pre-use checks
- Complete a Lift Plan/Assessment
- Correct Crane Signals

Available upon request

### **Rigging & Slinging – 3 days course**

This is an (LEEA Accredited) course that includes:

- Legislation, regulations and standards governing the use of lifting equipment.
- Force Influences & Rating Methods
- Load Estimation
- Different types of slings and pre-use checks
- Different types of lifting accessories and pre-use checks
- Complete a Lift Plan/Assessment
- Correct Crane Signals
